

PERSONAL INFORMATION

Dr. Albrizio Stefania, Ph.D

Pharmacy Department
University of Naples Federico II
Via Domenico Montesano, 49
I-80131 Naples - Italy
telephone number: +39 081678607
e-mail address : salbrizi@unina.it
personal website: <https://www.docenti.unina.it/STEFANIA.ALBRIZIO>

Date of birth 25/06/1966 | Nationality Italian

CURRENT POSITION

Associate Professor, Pharmaceutical Chemistry, Department of Pharmacy - University of Naples Federico II.

Member of the International Committee of the Department of Pharmacy.

Responsible for LLP/Erasmus Plus Bilateral Agreements with Faculty of Pharmacy of Granada, Valencia, Madrid (University Alfonso X El Sabio), Murcia, Alcala, and with IDAEA – Barcelona (Erasmus traineeship).

President of the Committee for Teaching Activity of the Bachelor Degree in Quality Control (Department of Pharmacy).

Holder of the Chair for the following teaching courses:

- Analytical Chemistry and Drug Analysis Laboratory (Bachelor Degree in Quality Control);
- Food for special diet: nutritional aspects (Postgraduate School of Hospital Pharmacy).

e-learning “Federica” project :

<http://www.federica.unina.it/corsi/chimica-ed-analisi-di-alimenti-e-nutraceutici/>

WORK EXPERIENCE

Position held	
November 1999 – December 2004	Researcher at Department of Toxicological and Pharmaceutical Chemistry - University of Naples Federico II
February 1999 – November 1999	Research assistant at the Department of Pharmaceutical Sciences – University of Salerno
January 1997 – February 1999	Postdoctoral fellowship at Department of Pharmaceutical Sciences – University of Salerno
December 1995 – January 1997	Research assistant at the Department of Pharmaceutical Sciences – University of Salerno
September 1994 – December 1995	Research assistant at the Department of Chemistry - University of Naples Federico II
Organisational / managerial competences	
February 2015	Chairman of the Committee for the final exam for the degree of Doctor of Philosophy – Doctorate School of Chemical Sciences and Technologies – University of Sassari
2010	Chairman of the Committee of the Vocacional Guidance to University Studies for the students of the Bachelor Degree in Quality Control
2008 – 2013	Member of the Teaching Board of the International Ph.D. School in Chemistry, Toxicology and Safety of Foods – University of Perugia.
2005 -2014	Responsible of the internships for the students of the Bachelor Degree in Quality Control (specialising in Food and Nutraceuticals).
2005 – 2013	Member of the Teaching Board of the Ph.D. School in Computational Biology – Second University of Naples
Teaching experience	
2007/08	Clinical Dietetic and Nutrition
2005/06 – 2011/12	Food Chemistry and Food and Nutraceutical Analysis
2004/05	Food Chemistry
2000/01 – 2006/07	Drug Biopharmaceutical Features and Drug Metabolism
2000/01	Pharmaceutical Biotechnologies

Visiting Professor within the LLP/Erasmus Program:

University of Granada (September 2014)

University of Sevilla (May 2011)

University of Valencia (November 2009)

Meetings, Conferences and Invited Lectures

September 2014: lecture at ECM workshop “The endocrine disruptor risks for the human health and prevention by the food safety” - “Zooprofilattico Sperimentale” Institute of South Italy – Portici (Naples).

June 2012: Invited professor at University of Valencia - Seminar “Preparations for artificial nutrition: indications, composition and quality control” - Master in Quality and Food Safety.

EDUCATION AND TRAINING

July 1994 University of Naples Federico II
Ph.D in “Chemistry of Natural Products”

March 1990 University of Naples Federico II
Degree in Pharmaceutical Chemistry and Technologies.

RESEARCH FIELD

Current:

- food chemical composition studies to detect nutraceuticals and xenobiotics;
- setting-up and validation, according to the official guidelines, of new methods for the extraction, purification and quantitative determination of analytes from different matrices, prevalently food matrices.

Previous:

- structural studies on pharmacologically active synthetic molecules, particularly peptides;
- extraction and structure determination of new biologically active molecules from marine sponges

GRANTS & FUNDINGS Scientific responsible for two projects funded by the Campania region (Italy):

- "Conformational studies on synthetic fragments of the α subunit of G proteins coupled to A2a receptors" (Independent Projects - Year 1999 - L.R. 41/94 - art.3, 2° comma);
- "Design, synthesis, and conformational studies of the human Urotenin-II receptor ligands" (Independent Projects – Year 2000 - L.R. 41/94 - art.3, 2° comma).

Research unity scientific responsible for the project: Food and environmental safety: the problem of the endocrine disruptors" funded by Italian Health Department (Oriented Research Projects 2009) - Project code: RF-2009-1536185

LANGUAGE COMPETENCES English (B2 level)
Spanish (B2 level)
French (basic user level)

COMPUTER SKILLS Good command of Microsoft Office™ tools
